## **Supervisors Extend Drug Court Substance Abuse Program**

On Tuesday, the San Bernardino County Board of Supervisors approved an extension of time and funds in a contract with Operation Breakthrough Inc. for Nonresidential Drug Court Program Services.

“This extension was essential to ensure that the Big Bear participants will continue to receive drug court substance abuse treatment,” said Third District Supervisor Dennis Hansberger.

The action extends the program for six months and will provide sufficient time for a Request for Proposals process to be completed and a new contract approved based on the proposals submitted.
